- does not expire soon (We recommend that you start the transfer request at least one month prior to its Expiration),

The transfer's completion requires Your confirmation (by e-mail).

Upon successfully transferring a domain, the registration period is extended by one year.

Section .SO.8. Ownership change

The ownership change process is available on Our Interface, it

requires the confirmation of the two parties by e-mail.

The owner change of a .SO domain name does not change the domain's Expiration date.

Upon the Expiration of the domain, We suspend (Hold) the domain name for 45 days, during which time all associated technical services are deactivated. Late renewal at normal price is possible during this period.

At this time, the domain name is placed in Quarantine status and can be restored, in accordance with the terms and conditions described on Our website and/or as communicated by Our customer service department. The length of the Quarantine period is 30 calendar days.

If the domain is neither renewed nor restored within these deadlines, the Registry shall place the domain on "Pending Delete" status for several days, and then delete the domain name, which will become available for registration under the "first-come first-served" basis.

Section .SO.10. Registry's intervention

You expressly acknowledge and accept that the Registry shall be entitled (but not obliged) to reject Your registration request, to delete Your domain name or transfer it to another person:

- if Your personal contact information is not complete and accurate, or is not in compliance with the registry's [Domain name Registration Policies](#), or
